### The Role of West Sussex County Council in providing Local Bus Services

Most local bus services are run for profit, but some would not be viable without local authority funding; West Sussex County Council devotes over £4.5 million annually to the support of these socially necessary bus services, which are operated on behalf of the County Council by local bus companies. These are denoted in the service table with an asterisk.

If you have a complaint or a suggestion to make about your local bus services, please contact the relevant bus operator in the first instance. If this proves unsatisfactory please contact:
